About **ALTERNATIVE**

We are America's Leader in Electrical Discharge Machining (EDM) consumables. For over two decades we have been committed to unmatched competitive service that is there when you need it most.

Need it Now?

With the nation's #1 program for getting you the EDM consumables you need, you can count on us to take care of your urgent requests. If your order is in by noon CST, we will be sure to ship it out the very same day!
subject to in stock availability.

Buy & Sell

Our top of the line new machinery is just one side of the coin. We also buy and sell used machinery. Whether one machine, or a whole plant, we can help our customers move surplus quickly, while still getting the top dollar they deserve.

Recognizing Value

Having a certified appraiser at our company is an important part of our business to ensure fair and accurate valuation of your surplus machinery assets. By having a certified appraiser on our team, we can ensure that our customers receive the peace of mind that comes with valuable and trustworthy expertise.

We offer the World's top brands

We offer a wide variety of NEW Machine brands.
CNC, EDM, Drilling, Grinding, Milling, Turning, Sawing, and Fabrication.

FANUC

Here for you before, during, and after the sale

Our team has profound mechanical and technical knowledge. We are devoted to helping you select the ideal equipment, while also offering services that bring your vision to life or prolong the lifespan of your existing equipment.

Services we Provide:

- ✓ Same day shipping of consumables & parts
- ✓ Repair, Maintenance & Troubleshooting
- ✓ Machinery Appraisals
- ✓ Installation & Training

Used Machinery

Selling used machinery is a valuable product and service. It allows sellers to recover value from unused equipment while providing cost-effective options for buyers. We can guide you through this process, from assessing machinery worth, to creating engaging listings and reaching potential buyers. Stay up to date with our ever-changing inventory, of used machines, by visiting our website.
